SUMMARY

In previous industry relevant experiences, I have demonstrated the ability to translate the internet marketing needs and requests of my clients into a functional web presence from the ground up.

Additionally, I have had to utilize my capacity to problem solve and learn new technologies in order to troubleshoot projects or bring additional functionality to previously built web solutions.

SKILLS

HTML5, CSS3, Bootstrap 3, JQuery, GitHub, cPanel, Sublime Text, Brackets, Adobe Photoshop, Microsoft Office 360

EXPERIENCE

Freelance Work, Lakeland, FL – Frontend Web Developer

January, 2017 – PRESENT

- Develop website mockups for clients to ensure quality control and client satisfaction before project development phase.
- Develop, enhance and maintain custom, responsive websites per specifications and requirements provided by clients.
- Modify photos to be used in website projects, using Adobe Photoshop.
- Compose copy for websites, based on information provided by clients.
- Maintain client accounts and project files.

Golden Glow Security LLC, Elmont, NY – Frontend Web Developer
