SUMMARY

In previous industry relevant experiences, I have demonstrated the ability to translate the internet marketing needs and requests of my clients into a functional web presence from the ground up.

Additionally, the web development contributions I made for clients/employers have helped them to improve their marketing presence, gain more clientele and earn more revenue.

SKILLS

HTML5, CSS3, SASS, Bootstrap, JavaScript, Git and GitHub, cPanel, Atom, Sublime Text, Brackets, Adobe Photoshop, Figma, Microsoft Office 360, **(In process of learning React, Webpack and Angular)**

EXPERIENCE

Freelance Work, Lakeland, FL — *Frontend Web Developer*

January, 2017 - PRESENT

● Design website mockups for clients to ensure quality control and client satisfaction before project development phase.

● Develop, enhance and maintain custom, responsive websites per specifications and requirements provided by clients.

Golden Glow Security LLC, Elmont, NY — *Frontend Web Developer/IT Technician*

November, 2004 - PRESENT

● Helped to increase company's work contracts by designing, developing, enhancing and maintaining the company website (http://www.goldenglowsecurity.com).

● Set-up, troubleshoot and maintain company's hardware and software systems.

East End Arts, Riverhead, NY — *Education Director*

July, 2013 - November, 2014

● Helped the organization to gain more students and increase revenue by leading effort towards translating key segments of the organization's webpage into a Spanish language splash page (http://www.eastendarts.org/about/esp.html).

● Prepared and assisted in formatting marketing materials for the Marketing Director to place on the organization's website.

PROJECTS

www.shenole.com – *Web Development Portfolio*

Contains several web solutions I have built for clients.
